63 352A C 21

CONTENTS

Vol. 77, No. 1, June 25, 1962

PAGE

Yamagata, S., Sasaki, A., Ohneda, A. and **Ito, N.** Endocrine Function of the Pancreas in Diabetes Mellitus 1

Yamagata, S., Uemura, J., Otuka, T., Sasaki, H., Sato, H., Ohneda, A. and **Kikuchi, T.** Function of the Adrenal Cortex and the Adrenal Medulla in Diabetics 11

Sato, T. An Improved Assay Method of β-Glucuronidase Activity in Bile 23

Saito, A. On the Essential Nature of the Hematopoietic Function of Bone Marrow. Report 7 28

Saito, A. On the Essential Nature of the Hematopoietic Function of Bone Marrow. Report 8 42

Saito, A. On the Essential Nature of the Hematopoietic Function of Bone Marrow. Report 9 56

Saito, A. On the Essential Nature of the Hematopoietic Function of Bone Marrow. Report 10 66

Sato, T., Yoshinaga, K., Ishida, N., Itoh, C. and **Wada, Y.** Advanced Screening Test for Pheochromocytoma and Argentaffinoma 78

Sato, T. A Study on Bilirubin in Pigmented Calcium Stones 83

Mizuno, T., Sasaki, S., Okamura, T. and **Arakawa, Ts.** Influence of Splenectomy upon Cerebral Excitability in Rabbits (Preliminary Report) 96

Vol. 77, No. 2, July 25, 1962

Kikuchi, T. Normal and Retarded Development of the Lung and Alveolar Hypoplasia of Neonatal Infants 99

Mukai, A. Studies on Sialic Acid (Neuraminic Acid) in Cerebrospinal Fluid

Part 1: Total Bial-positive Substance in Cerebrospinal Fluid in Schizophrenic Subjects 120

Mukai, A. Studies on Sialic Acid (Neuraminic Acid) in Cerebrospinal Fluid

Part 2: Methodology of Determination by Direct Ehrlich Reaction 128

Ichikawa, A. and **Nakajima, Y.** Electron Microscope Study on the Lacrimal Gland of the Rat 136

Yosizawa, Z., Tsutsumi, E. and **Sato, T.** Monosaccharides Constituents of the Walls of *Rhodopseudomonas spheroides* 150
Ishikawa, Y., Fukushima, M. and **Uno, H.** Studies on the Estimation of Cancer Cells in Blood by Acridine Orange Fluorescence Microscope Method 164
Rokugo, I. In vivo Metabolism of Hemoglobin
Report I. Pathway of Hemoglobin Catabolism in Rabbits 171
Maki, T., Sato, To. and **Sato, Ta.** A Study on the Activity of β-Glucuronidase in Bile in Connection with Precipitation of Calcium Bilirubinate 179
Wada, T. and **Shimizu, T.** Automatic EEG-Frequency Analyzer: An Approach to Periodometry of Alpha-Rhythm with Electrotachometric System 187
Ohno, T. The Effects of Stress and ACTH-Stimulus on the X-Zone of the Mouse Adrenals with and without Hypophysectomy 195

Vol. 77, No. 3, August 25, 1962

Kasai, M., Sasaki, M., Odajima, E. and **Mori, S.** Bleeding Tendency Associated with Massive Blood Transfusion 205
Yosizawa, Z. and **Sato, T.** Hydrazinolysis of Monosaccharides 213
Mukai, A. Studies on Sialic Acid (Neuraminic Acid) in Cerebrospinal Fluid. Part 3: Methodology of Determination by Bial's Reaction 223
Mukai, A. Studies on Sialic Acid (Neuraminic Acid) in Cerebrospinal Fluid. Part 4: Methodology of Determination by Diphenylamine Reaction 230
Takahashi, E. An Epidemiological Approach to the Relation Between Diet and Cerebrovascular Lesions and Arteriosclerotic Heart Disease 239
Fukuchi, S., Jinbo, T., Abe, S. and **Hanata, M.** Hypotensive Effect of SC-9420 on 3 Cases of Primary Aldosteronism 258
Yoshinaga, K., Itoh, C., Sato, T., Wada, Y. and **Aita, M.** Is Angiotensin Excreted in Urine? 273
Kudo, H. Purification of Sendai Virus by Adsorption on Aluminum Phosphate Gel 278
Kudo, H. Application of the Immunofluorescent Technique in Testing the Purity of Sendai Virus 288
Fujioka, M. Changes in Polarographical Activities of 'Mucoprotein Complex' of Connective Tissue with Physiological and Pathological Processes 298

Vol. 77, No. 4, September 25, 1962

Yamagiwa, Y. An Excretory Urographic Study on the Upper Urinary Tract in Pregnant Women 311

Tada, K., Katsushima, N., Hirono, H. and **Arakawa, Ts.** Congenital Steatosis of the Liver: Biochemical Approach to Its Pathogenesis .. 317

Suzuki, T., Nishiyama, A. and **Shishido, K.** Adrenaline Reversal in Intestinal Smooth Muscle 334

Tada, K., Kudo, Z., Ohno, T., Akabane, J. and **Chiba, R.** Congenital Galactosemia and Orotic Acid Therapy with Promising Results: Preliminary Report 340

Mukai, A. and **Ejima, T.** Studies on Sialic Acid (Neuraminic Acid) in Cerebrospinal Fluid

Part 5: Protein-bound Sialic Acid in Cerebrospinal Fluid in Mental Disorders 343

Ebe, M., Mikami, T., Aki, M. and **Miyazaki, M.** Electrical Responses Evoked by Photic Stimulation in Human Cerebral Cortex 352

Koyanagi, T. and **Takanohashi, T.** Effect of Ascorbic Acid, Vitamin B and Milk on the Dark Adaptation 367

Shioji, R., Takahashi, H., Suzuki, H. and **Kato, M.** Cardiovascular Responses to Adequate Stimuli in Essential Hypertension 373

Ebe, M. and **Mikami, T.** Cortical Evoked Potentials Due to Photic Stimulation during Sleep in Man 383

Koyanagi, T. and **Hareyama, S.** Effect of Riboflavin, Choline, Pantothenic Acid and Vitamin A on the Excretion of Sodium in Urine of Rats 390

Suzuki, T., Nishiyama, A. and **Wada, K.** On the Interaction between Adjacent Cells in Intestinal Smooth Muscle 394

Tada, K., Akabane, J. and **Yokoyama, M.** Beneficial Effect of Orotic Acid upon Galactose Metabolism of Erythrocytes from Congenital Galactosemia 400
